## Invitation

On behalf of the NR-SG-WFNR Executive and organising committee of the 2017 NR-SIG-WFNR conference, we would like to invite you to Cape Town, South Africa to attend this prestigious international conference. This is a multidisciplinary conference incorporating all rehabilitation disciplines: Neuropsychology, Clinical Psychology, Occupational Therapy, Speech and Language Therapy, Physiotherapy, Social Work, Medicine and Nursing. The conference focuses on the rehabilitation of the neuropsychological consequences of brain impairment and will include the following topics:

- empirical studies evaluating interventions (group studies, single-subject designs);
- technological applications and advances; • theoretical models;
- interdisciplinary approaches; • pharmacological interventions;
- development of assessment instruments; • family and carer issues;
- service development and clinical initiatives; • cultural issues;
- social policy; • topic reviews

We look forward to meeting you (or seeing you again) in South Africa in 2017!

*Caroline and Anita*

**Professor Caroline Van Heugten and Dr Anita Rose**

Co-Convenors
