20th July 2011

To whom it may concern

Re: ME Research Solutions

I am writing to recommend Margaret Eagers as a conference organiser.

We have just completed a highly successful international meeting in Rotorua, 11-12th July 2011 with Margaret and her team as the conference organisers. Our conference was held over 2 days in Rotorua, New Zealand two days after the INS/ASSBI 4th Pacific Rim Conference in Auckland which Margaret also organised.

This conference was the 8th Conference of the Neuropsychological Rehabilitation Special Interest Group of the World Federation for NeuroRehabilitation (WFNR). The society is a not-for-profit organisation with the goal of promoting research and education into NeuroRehabilitation. Prior to Margaret's involvement the committee used a conference organiser in Europe and we plan to ask Margaret to manage our next meeting in Oslo, Norway in 2012.

The conference was attended by over 100 delegates from 14 countries and was very well-organised. Margaret was responsible for all key aspects of the conference organisation including the budget, negotiating the excellent venue, advertising, management of registrations, program and abstract publication, negotiating with sponsors, room set-up, audiovisuals, sponsorship booths and poster presentations.

I would like to say Margaret Eagers is highly knowledgeable and effective in her organisation of events for scientific, not-for-profit meetings.

I would recommend Margaret and ME Research Solutions as an event management company.

Yours sincerely,
